1 x USB Adapter
4 x Screws
1 x Test Wire
1 x Smart Garage Door Opener
1 x Door Sensor with Cable
1 x Double-sided Adhesive Tapes

* If you find any part is missing in the package, please contact support@meross.com, we will provide proper solution for you.

**Installation Guide**

1. Meross smart garage door opener is the companion device of your existing garage door opener. Its main working principle is as follows.
2. Download the Meross app and choose Smart Garage Door Opener to get start.

3. Power on the device. Wait about 5 seconds until the status LED blinks amber and green.

4. Connect the device to your home WiFi with Meross app.

5. Connect the sensor cable. Move the sensor to check if it is functional*.

*Please contact support@meross.com for help if the sensor is not functional.

6. Find a proper position on the garage door to mount the sensors*. Please make sure the distance between the two sensors is less than 1 inch when the garage door is closed, and the two sensors are well separated when the garage door is open.

*You can use the included double-sided adhesive tapes or screws for sensor fixation.
7. Power off your existing garage door opener. Connect the other end of the signal control cable to the two terminals that connects to the wall button. Wire order does not matter here.

How to Use

1. General Settings

   Device Name: Change device name.
   LED: Turn on/off LED.
   Operation History: Check operation history.

2. Voice Control

   Door Number: The garage door number, used for voice control function to distinguish different doors.
   PIN Code: After enable this, PIN code verification is needed each time when you open or close the door.
   Amazon Alexa & Google Assistant: Check Amazon Alexa & Google Assistant user manual.

Amazon Alexa

Meross provides two types of voice commands for Amazon Alexa. If you choose “Meross” skill, the commands are as following:
- “Hi Alexa, open/close my garage.”
- “Hi Alexa, is my garage closed?”

Note: Please replace “garage” to the garage door name you set. Amazon Alexa support Security Code, you can enable it via Amazon Alexa app.

If you choose “Smart Meross” skill, the commands are as following:
- “Hi Alexa, ask Smart Meross to open/close the garage door one/two/...”
- “Can I have your PIN code?”

Or
- “Hi Alexa, open Smart Meross.”
- “Open/Close garage one/two/...”
- “Can I have your PIN code?”
- “Check garage.”

Note: PIN code is an optional setting.
Google Assistant: Choose “meross” action, the commands are as following:
-“Hey Google, open/close garage door.”
-“Can I have your security code?”
-“Hey google, is garage door opened/closed?”

Note:
1. Please replace ‘garage door ‘ to the garage door name you set.
2. PIN code is required to set by google for security concern.

3. Door Notification

<table>
<thead>
<tr>
<th>Device Settings</th>
</tr>
</thead>
<tbody>
<tr>
<td>□ □ □ □ □ □ □ □</td>
</tr>
<tr>
<td>---</td>
</tr>
<tr>
<td>Open</td>
</tr>
<tr>
<td>Overtime reminder: 10 mins</td>
</tr>
<tr>
<td>Overnight reminder: 10:00 PM</td>
</tr>
</tbody>
</table>

Open: Send me a notification each time my garage door opens.
Close: Send me a notification each time my garage door closes.
Overtime Reminder: Send me a notification when my garage door opens for 10-60 mins.
Overnight Reminder: Send me a notification when my garage door is still open after particular time.

4. Special Settings

<table>
<thead>
<tr>
<th>Device Settings</th>
</tr>
</thead>
<tbody>
<tr>
<td>□ □ □ □ □ □ □ □</td>
</tr>
<tr>
<td>---</td>
</tr>
<tr>
<td>Auto close</td>
</tr>
<tr>
<td>Overtime close: Close after 10 min, Everyday</td>
</tr>
<tr>
<td>Fixed time close</td>
</tr>
<tr>
<td>Advance settings</td>
</tr>
<tr>
<td>Opening time: 15s</td>
</tr>
<tr>
<td>Trigger duration: Long press (2 seconds)</td>
</tr>
</tbody>
</table>

Overtime Close: Close the door automatically when the door opens for a period of time.
Fixed Time Close: Close the door automatically when the door is still open after particular time.
Opening Time: Choose the proper time duration for your garage door opener. App use it as a timeout parameter to confirm the status of your garage.
Trigger Duration: Choose the proper trigger duration if you find your meross app can’t fully close or open your garage door. The trigger duration is the same time as you press the garage wall button.

5. Widgets

Widgets are the quick access to your Meross devices and Scenes. To enable it, please go to Account -> Widget to add shortcuts first. And then follow below steps on your smartphones to activate them.

For iPhones:
1. Swipe to the right on your Home or Lock screen.
2. Scroll down to the bottom of your widget list and then tap edit.
3. Scroll down to find Meross and add it.

For Android Smartphones:
1. On the home screen, tap and hold on an available space.
2. Tap Widgets, find Meross widget and then add it.
FAQ

At Meross we strive to assure your satisfaction. Any questions about Smart Garage Door Opener please feel free to contact support@meross.com.

1. Can I manage multiple smart garage door openers within Meross app?
   One smart garage door opener is for one garage door only, you can configure multiple smart garage door openers within the app.

2. What shall I do when my Meross app is unable to control the added smart garage door opener?
   Please check the followings:
   · Check the main Wi-Fi’s internet connection.
   · Make sure that main Wi-Fi’s password hasn’t been changed.
   · Factory reset the device and try to configure its Wi-Fi part again.

Warranty

Meross products are covered by a 24 months limited warranty from the date of its original purchase. If any problems occur, please contact support@meross.com for help. We can only provide aftersales service for products that are sold by Meross or Meross authorized retailers and distributors.
